Mr. Heath Dodson, Owner  
Dodson Farms Poultry House  
810 Armour Lane  
Red Boiling Springs, TN 37150

Subject: **NPDES Construction General Permit Tracking No. TNR171798**  
**Dodson Farms Poultry House**  
**Heath Dodson**  
**Red Boiling Springs, Macon County, Tennessee**

Dear Mr. Dodson:

You recently submitted a Notice of Intent (NOI) form as part of an application package to obtain coverage under a General NPDES Permit for Storm Water Discharges Associated with Construction Activity. The Division of Water Resources (the division) acknowledges receipt of the most recent version of the application for the above referenced project on September 24, 2014. After review, the application was deemed to be complete on October 16, 2014. Enclosed is the Notice of Coverage (NOC) form which shows the site name and location, receiving stream, effective date of coverage, etc.

**Contractor Information**

You have not identified a contractor on the NOI. You must identify a primary contractor, or contractor otherwise responsible for sediment and erosion controls on the construction site, and submit a revised NOI to this office prior to beginning earth clearing operations onsite. When submitting the NOI, please include the above referenced permit tracking number.

**Threatened and Endangered Species**

The receiving stream for a construction site for which the NOI was submitted has federal or state listed threatened and endangered species in the area, or downstream of your project. Storm water discharges and storm water discharge-related activities that are not protective of legally protected listed or proposed threatened or endangered aquatic fauna in the receiving stream; or discharges or activities that would result in a 'take' of a federally listed endangered or threatened fish or wildlife species are not authorized by the general permit. If the division finds that storm water discharges or storm water related activities are likely to result in any of the above effects, the division will deny the coverage under this general permit unless and until project plans are changed to protect the listed species. In addition, discharges from your construction site that result in harm to such species may incur additional fines and penalties from the US Fish and Wildlife Service and/or the Tennessee Wildlife Resources Agency.

### **Annual Maintenance and Coverage Termination**

Effective July 1, 2014, permit fees for the CGP have been revised. In addition to new application fee amounts, annual maintenance fees are now required for projects that exceed one year of coverage. Permittees wishing to terminate coverage must submit a completed notice of termination (NOT) form, which is available on the division's construction stormwater webpage at <http://www.tn.gov/environment/permits/conststrm.shtml>.

The division will review the NOT for completeness and accuracy and, when necessary, investigate the proposed site for which the NOT was submitted. The division will notify the applicant that either the NOT form was received and accepted, or that the permit coverage is not eligible for termination and has not been terminated. If applicable, the notification will include a summary of existing deficiencies.

We appreciate your attention to the general construction storm water permit and its requirements. A copy of the CGP can be obtained from <http://tn.gov/environment/permits/conststrm.shtml>. We believe this does make a difference to the quality of state waters. If you have any questions, please contact Ms. Greta Hurst at (931) 432-7630 or by e-mail at [Greta.Hurst@tn.gov](mailto:Greta.Hurst@tn.gov).

Sincerely,

A handwritten signature in blue ink, reading "Johnny K. Walker".

Johnny K. Walker  
Environmental Program Manager  
Division of Water Resources

**Tracking Number TNR171798**

**NOTICE OF COVERAGE UNDER THE GENERAL NPDES PERMIT FOR STORMWATER  
DISCHARGES ASSOCIATED WITH CONSTRUCTION ACTIVITY (CGP)**

Tennessee Department of Environment and Conservation  
Division of Water Resources  
William R. Snodgrass Tennessee Tower  
312 Rosa L. Parks Avenue, 11th Floor  
Nashville, TN 37243

Under authority of the Tennessee Water Quality Control Act of 1977 (T.C.A. 69-3-101 et seq.) and the delegation of authority from the United States Environmental Protection Agency under the Federal Water Pollution Control Act, as amended by the Clean Water Act of 1977 (33 U.S.C. 1251, et seq.):

Name of the Construction Project: **Dodson Farms Poultry House ( acres)**

Master Tracking Number at the Site: **TNR171798**

Permittee Name: **Heath Dodson**

Contractor(s): **no contractor**

is authorized to discharge: **storm water associated with construction activity**

from site located at: **810 Armour Ln., Macon County**

to receiving waters named: **Salt Lick Creek**

in accordance with effluent limitations, monitoring requirements and other conditions set forth herein.

Likely presence of threatened or endangered species in one mile radius: **YES**

Likely presence of threatened or endangered species downstream: **NO**

Additional pollution prevention requirements apply for discharges into waters which TDEC identifies as:

a) impaired: **NO**                      b) discharging into Exceptional Tennessee Waters: **NO**

Your coverage under the CGP shall become effective on , and shall be terminated upon receipt of Notice of Termination.

A copy of the CGP can be obtained from <http://tn.gov/environment/permits/conststrm.shtml>
